Toni Marchl  
Geschäftsführer

Georg Neumaier  
Geschäftsführer

“

Team sports in Salzburg - in the beginning there was wrestling. The two managing directors Anton Marchl and Georg Neumaier look back on a successful career in international wrestling. Toni Marchl took 6th place up to 74 kg in the Gr.Roman style at the Olympic Games in Barcelona. Georg Neumaier won the bronze medal at the Junior European Championships up to 74 kg in free style in 1986.

In 1987, they initially only wanted to equip their sports colleagues with sportswear. In the meantime, the company Team-Sport Marchl & Neumaier has become a constant in the sporting goods trade. As a distribution partner of international top brands, Team-Sport offers a huge selection of sports fashion, sportswear, shoes and specialized competition clothing.

Corsier-sur-Vevey, 11th of May 2022/réf (GT)

### UWW and Team-Sport's continued cooperation

Dear Anton Marchl,

This letter is to signify the ongoing cooperation with Team-Sport and UWW. Over the years Team-Sport has been a trusted partner of UWW and has consistently supported UWW when called upon.

Through the company's network and other business affiliates, Team-Sport has always made efforts to connect UWW with the likes of Red Bull, Stiegl, as well as many other international brands. In addition, they played a key role to the initial "House of Wrestling" which was launched during the Rio Olympic Games and UWW will partner with Team-Sport for "House of Wrestling" initiative at Paris 2024.

United World Wrestling supports the importance of having Team-Sport as a strategic partner in developing the awareness and promotion of Olympic wrestling. One core competency of Team-Sport and where they can share their expertise is in the category of apparel and footwear and to enter into new markets with their established worldwide supply chain.

Team-Sport is the official partner and distributor for Austria, Switzerland and Germany authorized by Athlete Performance Solution. United World Wrestling supports Team-Sport GmbH to sell their products in UWW member countries where authorized. UWW has 180 National Federations with a potential of +25.000.000 registered athletes.

The successful partnership in the terms listed above with Team-Sport Marchl & Neumaier GmbH in Wals-Siezenheim is hereby confirmed by United World Wrestling.

Yours Sincerely,

President of United World Wrestling

WE CONNECT PEOPLE  
**House of Wrestling**

# House of Wrestling

Rio 2016

For the 2028 Olympic Games in Los Angeles, a House of Wrestling with the International Wrestling Federation and as a partner is once again planned!

## House of Wrestling

In the course of the excellent cooperation with UWW president and IOC board member Nenad Lalovic, we were allowed to successfully handle the business club of the wrestling world federation, the "House of Wrestling", for 3 weeks, during the Olympic Games in Rio 2016.

With our joint partners Red Bull and the company Stiegl in Salzburg, we were able to make a very good impression here. During these 3 weeks, several new contacts were made with IOC members, presidents and business leaders from all over the world.

## Our Services

- ✓ Event concept & organization
- ✓ Gastro concept & implementation
- ✓ Creation and production of all advertising material and branding measures
- ✓ Athlete support
- ✓ Event handling

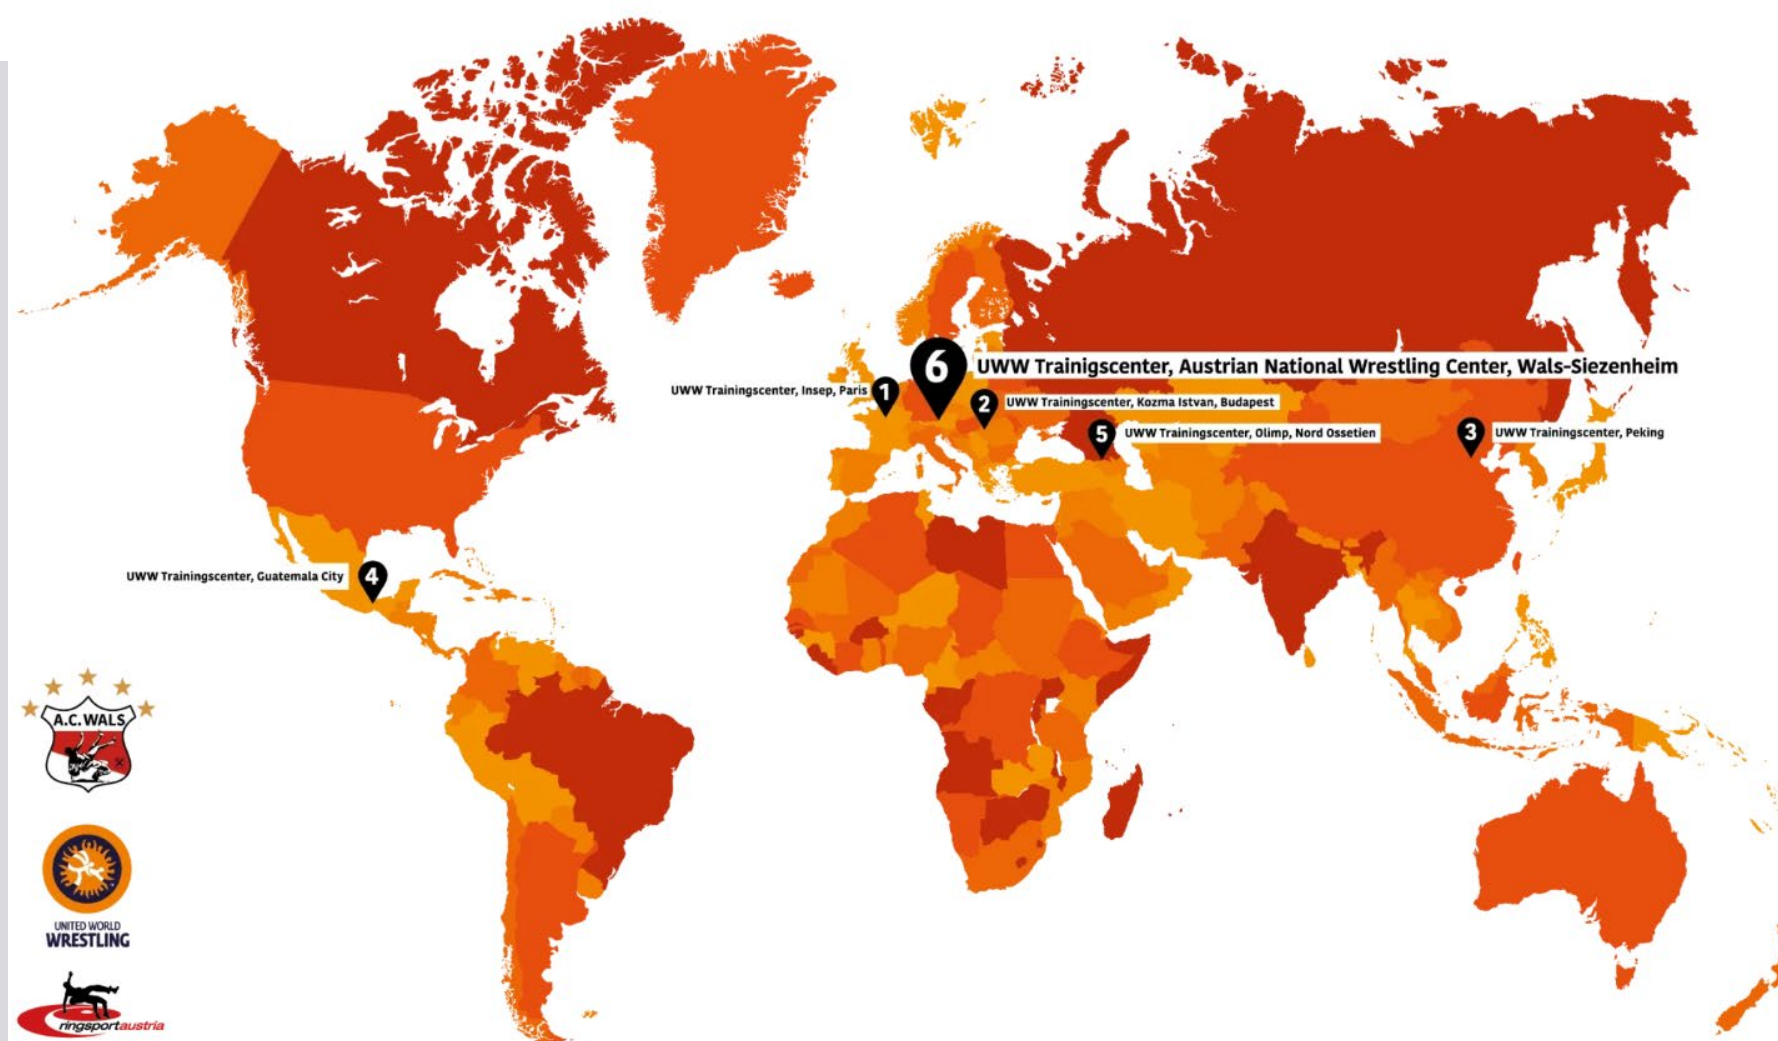

## Olympic wrestling

In 2013, we were able to convince none other than Franz Beckenbauer to join the fight for the Olympics (wrestling was to disappear as an Olympic discipline). Since then we are partner and supplier of the wrestling world federation UWW.

We currently service 180 national teams (potential approx. 25 million wrestlers) all over the world. Our service area naturally also includes all referees. In 2016, a total of 39,000 referees were equipped with our branded polos.

# AUSTRIAN NATIONAL WRESTLING CENTER

High-Performance Training Centers are located in:

Paris	France
Budapest	Hungary
Peking	China
Guatemala City	Guatemala
Nord Ossetien	Russia
Wals-Siezenheim	Austria

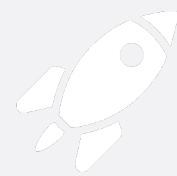

## One of six High Performance Training Centres.

United World Wrestling operates multiple high-performance training centers worldwide. These centers provide year-round training for athletes and are dedicated to developing international wrestling talent to its full potential. The main centers host athletes supported by Olympic Solidarity and other key strategic partners. At the Austrian National Wrestling Center, athletes train alongside partners at an international level. We offer a diverse network of elite athletes who challenge and support each other in continuously improving their performance.
