“

Team-Sport in Salzburg started with wrestling. Managing directors Anton Marchl and Georg Neumaier both look back on successful international wrestling careers. At the Olympic Games in Barcelona, Toni Marchl finished 6th in Greco-Roman wrestling up to 74 kg. In 1986, Georg Neumaier won the bronze medal in freestyle up to 74 kg at the Junior European Championships.

What began in 1987 as an effort to outfit fellow athletes with sportswear has since grown into a major force in the sporting goods trade. As a distribution partner for leading international brands, Team-Sport offers a huge selection of sports fashion, sportswear, shoes and specialized competition apparel.

UWW and Team-Sport's continued cooperation

Dear Anton Marchl,

This letter is to signify the ongoing cooperation with Team-Sport and UWW. Over the years Team-Sport has been a trusted partner of UWW and has consistently supported UWW when called upon.

Through the company's network and other business affiliates, Team-Sport has always made efforts to connect UWW with the likes of Red Bull, Stiegl, as well as many other international brands. In addition, they played a key role to the initial "House of Wrestling" which was launched during the Rio Olympic Games and UWW will partner with Team-Sport for "House of Wrestling" initiative at Paris 2024.

United World Wrestling supports the importance of having Team-Sport as a strategic partner in developing the awareness and promotion of Olympic wrestling. One core competency of Team-Sport and where they can share their expertise is in the category of apparel and footwear and to enter into new markets with their established worldwide supply chain.

Team-Sport is the official partner and distributor for Austria, Switzerland and Germany authorized by Athlete Performance Solution. United World Wrestling supports Team-Sport GmbH to sell their products in UWW member countries where authorized. UWW has 180 National Federations with a potential of +25.000.000 registered athletes.

The successful partnership in the terms listed above with Team-Sport Marchl & Neumaier GmbH in Wals-Siezenheim is hereby confirmed by United World Wrestling.

Yours Sincerely,

President of United World Wrestling

WE CONNECT PEOPLE
House of Wrestling

House of Wrestling

House of Wrestling

Thanks to our excellent collaboration with UWW President and IOC Executive Board member Nenad Lalovic, we were able to successfully manage the wrestling federation's business club, the "House of Wrestling", for 3 weeks during the Rio 2016 Olympic Games.

Together with our partners Red Bull and Stiegl in Salzburg, we made an excellent impression. During those 3 weeks, numerous new contacts were established with IOC members, presidents and business leaders from around the world.

A new House of Wrestling is already planned for the 2028 Olympic Games in Los Angeles, again together with the wrestling world federation and partners.

The Kaiser

Olympic Wrestling

In 2013, we were able to convince none other than Franz Beckenbauer to support the fight for Olympic wrestling (which was at risk of being removed from the Olympic program).

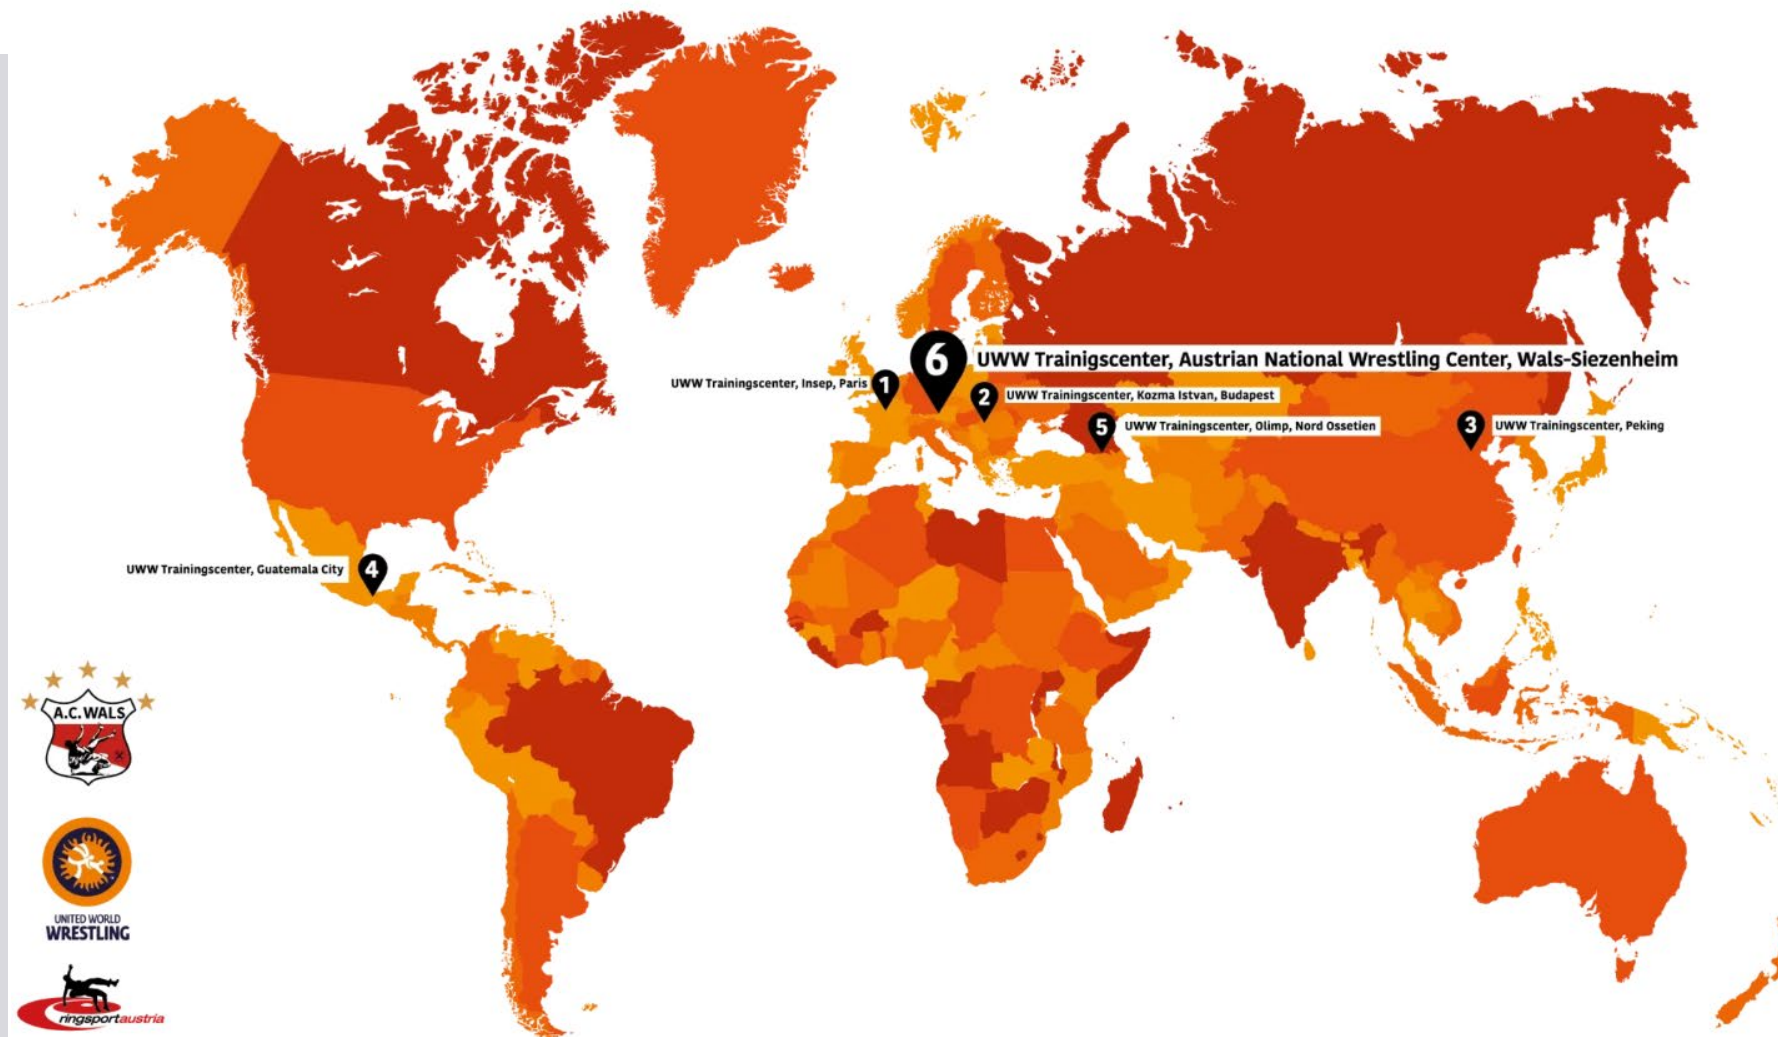

Since then, we have been a partner and supplier of the world wrestling federation UWW.

We currently serve 180 national teams (with a potential of around 25 million wrestlers) worldwide. Our services naturally also include all referees. In 2016, a total of 39,000 referees were equipped with our branded polos.
